

If you think it's a sin to force water rate hikes for Vista Ridge-- 58%, with more coming--to build over the Edwards Aquifer, join our homegrown petition drive to vote for the SAWS Accountability Act.

Sign the petition for a public vote!
We need 20,000 signatures by the end of 2020.

The San Antonio City Council must need its head examined expecting ratepayers to shoulder 58% water rate hikes to pay for the \$3 BILLION Vista Ridge water pipeline to serve developer private profits. They want us to pay for the most expensive water in Texas to fuel development outside San Antonio – over the Edwards Aquifer -- even in a pandemic!

The SAWS Accountability Act will:

- ▶ Term limit and ratchet back general manager outrageous pay -- \$600K per year -- nearly 3 times any other public water CEO in the US!
- ▶ Enforce existing term limits on SAWS leadership. Vista Ridge cheerleader, SAWS Chair Berto Guerra, was allowed to stay 2 years over his term limit.
- ▶ Return SAWS to its local community mission and stop SAWS lobbying efforts to become water brokers of central Texas.
- ▶ Secure an audit of Vista Ridge AND audits of any \$1 billion or more projects BEFORE contracts are signed.

Only registered voters in the city of San Antonio may sign this petition and it must be on paper, not online. Anyone can circulate it.

Sign at our petition table today and take petitions with you -- or go to our website to print, sign and mail it right back to us.

We are petitioning at select polls during Early Voting -- Oct. 13-30 and on Election Day!
